

Serbia: Chinese company CEE takes over the stake in GazpromNeft NIS' wind farm Plandište

Gazpromneft owned Petroleum Industry of Serbia (NIS) has announced that negotiations are underway about overtaking of the stake in the wind farm "Plandište" by Chinese CEE company.

It was also announced that in progress is the assessment of financial aspects of the project, as well. In the wind farm "Plandište" is envisaged the construction of 34 wind generators with total capacity of 102 megawatts on the territory the eponymous Serbian municipality. The total value of the project amounts to 160 million euros, while the NIS will provide 23 million EUR from its own resources.
