

Serbian Prime Minister Aleksandar Vucic said that Serbia is interested to buy shares in the “Elektroprivreda RS” if Republika Srpska shows the interest.

He reminded that Serbia bought 11% of electricity network of Montenegro and emphasized that they are interested to expand in the region.

“We bought 11% of electricity network of Montenegro and Serbia will be ready, if Republika Srpska shows the interest, to buy shares in “Elektroprivreda RS.” We have a desire to expand in the region, we will have the money,” said Vucic.

He also confirmed that Serbia is ready for purchase of the Port of Bar.

“In 2016, after serious analysis and if it proves to be good for Serbia, we will make an offer to buy the Port of Bar,” said Vucic.
