

Serbia: Jedinstvo starts construction of HPP at Rzav river – EUR 5m worth project

Construction of three smaller hydro power plants at Rzav river (western part of Serbia) has just been started, and this job will be executed by Jedinstvo Sevojno (JESV), Tanjug agency reported.

This is EUR 5m worth job and it should be completed by the first half of 2016. An investor is a private company, Zlatiborske elektrane. These power plants are expected to be connected to the network of EPS (Electric Power Industry of Serbia), upon construction is ended.
